

Staying Positive Society: Terms & Conditions

Group Memberships

By clicking through to join the **Staying Positive Society**, I acknowledge and accept the following "Terms & Conditions":

- As the person who chose the group membership level and by paying by credit card for the group, I accept that I am the “group leader” for the group (at least as far as informing all other group members about how to access their membership benefits).
- All **Staying Positive Society** member benefits and announcements are delivered via email using a secure automated system. This ensures that all members are sent their recordings, support materials, and access information for special events in a timely manner. In order to expedite this process, I know that Meggin’s team needs the following from me, as the group leader:
 1. **A list of the names of all the members** who are part of my group so that each person can be checked off as they register.
 2. **An email sent out to all our group members.** I know that I may use the one on the next page as a sample – and that it would be beneficial to follow this sample.
- All registered members of the group will have access to the member benefits during the period of my "**Staying Positive (in a Freaked-Out World) Society**" yearly membership.
- I agree to have my credit card charged every 365 days starting the day I registered and I will be charged for the same number of group members unless I notify Meggin’s assistant, Lisa (lisa@meggin.com) and let her know otherwise, **at least 10 business days** before the charge is to go through. The credit card charge will show “Emphasis on Excellence, Inc.”
- I understand that if I have additional group members to add, I will need to register them as part of a new group **or** they may each sign up as individuals, but at the regular individual membership rate. I know that it is not possible to add, subtract, or substitute group members at the group rate under which I have joined.
- I know that individuals’ memberships are not transferrable to others, although others are welcome to join by going to <http://www.StayingPositiveinaFreakedOutWorld.com>.

Sample email to send to all members of your group:

Dear _____;

As part of our team, you have been included in our group membership to the Staying Positive (in a Freaked-Out World) Society, created and designed by Meggin McIntosh, Ph.D. In order to complete your registration (which is already paid for), here is what you need to do:

1. Go to the following special webpage:

<http://StayingPositiveinaFreakedOutWorld.com/JoinUsGroupRegistration.php>

You will see a link there that will take you to Meggin's secure shopping cart. Please input your name (first & last), best email address, and other requested address information.

Note: You do NOT need to put in any credit card information because your membership has already been paid for. Your contact information will never be sold, traded, or rented to anyone else, so you don't need to worry about that.

2. Further down the page, you are asked, "How did you hear about us?" **Please put my name (or the name of our group) which is _____ in the box** because that helps Meggin's team track that all of our members have gotten themselves fully registered.
3. After you have checked out, **you will be sent an email that you must acknowledge to 'close the loop' that it was indeed YOU who signed up.** This verification is part of the double-opt-in system which prevents it from being used for spam. If you do not verify that you signed up, you are unlikely to receive your membership benefits since all contacts are made via email.

You will begin receiving your benefits on the very next Sunday after you have completed your registration and will continue to do so for the next 52 weeks. We believe that Meggin's 'brief but brilliant' ideas will help all of us focus on our most important work and encourage us to support others in their most important endeavors.

Please let me know if you have any questions or you may contact Lisa (lisa@meggin.com) if you need help. She is Meggin's productivity assistant and will be able to assist you.

Sincerely,
